Power outages

The continued power outages are causing major disruptions to most businesses. Thus far we have been fortunate enough to only be affected during January. If you tried to reach us during this period without success, this would have been the most likely reason. We apologize for the inconvenience and ask you to please be patient as we are in the process of acquiring a backup power supply. This will allow us to provide you with uninterrupted service.

A little humor

"There is good news and bad news concerning the power situation in South Africa: The bad news is that, at some stage, the pawpaw is going to hit the fan, but the good news is that the fan isn't working..."

"Apparently Eskom says there is a light at the end of the tunnel but it's been switched off to save electricity."

FAQ: 'What is the bonus year?'

Your bonus is calculated based on your purchases from the 16th of August last year to the 15th of August this year. Example: Mrs. Smith shops with her KOOPKRAG card so that she can enjoy her bonus at the end of the year. We calculate her bonus based on all her shopping done from August 16, 2007 (beginning of the bonus year) until August 15, 2008 (end of the bonus year) this bonus will then be credited to her December 2008 account.
