EXCEEDING YOUR PURCHASE LIMIT

There is nothing like a good old fashioned spending spree to make life just that little bit more bearable. You see what you like, take out your Koopkrag card and buy it. Unfortunately, if you do it often enough during a month, you will eventually reach your purchase limit. If your record keeping, like mine, is not always up to scratch, you won't know when this is about to happen.

Your next transaction could be declined or, if the purchase amount is small enough, it could go through. If it goes through, you have more than likely exceeded your approved purchase limit without the credit provider's (Koopkrag) permission.

Due to your little miscalculation you will be contacted by one of Koopkrag's friendly staff members and informed as such. They will also enquire whether or not you would like to increase your limit. Within reason a temporary increase of your purchase limit can be finalised by phone, this increase will only apply to the current purchase month. However, applying for a permanent limit increase is not that simple.

You are required by the National Credit Act to apply for a permanent increase. This very same act also requires us to ensure that you can afford the limit that you applied for. We will provide you with the necessary application form. We may also require you to provide written proof of certain amounts completed on the application.

As a responsible registered Credit Provider we are subject to the provisions of the National Credit Act. Non-compliance could result in the loss of our licence to provide credit. We do appreciate your cooperation in this regard.

say what?

When I was born I was so surprised, I didn't talk for a year and a half.

Don't be irreplaceable. If you can't be replaced, you can't be promoted.

The brain is a wonderful organ. It starts working the moment you get up in the morning and does not stop until you get into the office.
